A B O U T P A L M O I L

Palm oil is a safe, natural and renewable source of fuel that has been used in Asia, as well as many parts of the world, for centuries. It is environmentally friendly, burns longer, cleaner and brighter than other types of waxes, particularly paraffin. We, at Isola Luce buy only pure 100% all natural palm oil from existing plantations to further help the environment we all live in.

A B O U T I S O L A L U C E

Isola Luce was founded by the husband and wife team of Garrett & Connie Wesson. They first discovered candles made from palm oil in Indonesia and were immediately interested in developing their own line of this little known product. After many years of research and development, they developed a high end line made with the finest quality fragrances consisting of a blend of natural oils and other fine ingredients. The line is inspired by exotic and wonderful islands around the world because palm oil is found in many exotic and tropical places. Isola Luce invites you to share in an island vacation dream every time you light a fragrant Isola Luce candle.

FAITH

DI7F

The land is shrouded from the garish sun in an exotic city as nightfall envelops the land in shadows. The humid, sticky air is fragranced with the exotic spices and local fruit sold at the day's market. Provocative amber and pungent herbs are rich with earthy wood undertones, refined with sophisticated notes of patchouli and vetiver.

GRACE

DI7G

This lingering fragrance radiates elegance and beauty that has been untouched in the hurried pace of time. A delicate opening of spun sugar is touched with a hint of citrus and the natural juices of freshly picked fruit. Top notes blossom into a heart that reveals artful green notes and the soft scent of blooming orchids, veiled in a distinct aroma of rich creamy vanilla crystals. The Base is sensual and ambrosial, characterized by sandalwood, warm rich amber and a drop of raw honey.

LOVE

DI7L

This warm and sensual aroma blends happy notes of crisp orchard apples with very light floral undertones opening this fragrance with a perfect integration of tart and sweet. The edge of the scent is lined with a generous drizzle of silky smooth caramel that 's been kissed with a loving touch of French vanilla.
